

From the desk of:

□ □ □ □ □ □ **Keith A. Langley, Supervisor**

□ □ □ □ □ □ □ □ □ □ □ □ *Town of East Greenbush*

It is with a heavy heart that I sit here and write this Supervisor's Report. This month we have been faced with tragedy and heartbreak through events that have occurred here within our Town, the Capital District and throughout the nation. In the beginning of the month, our hearts broke for the Shaker and Shen communities as they lost two students and two others were seriously injured in a car accident. This past Friday, we stood in shock as we heard the breaking news about the 26 killed in the Sandy Hook Elementary School shooting. Sunday, our community experienced a loss of our own and it's difficult to fully grasp the reality of this situation. My thoughts and prayers are with all the families affected by the events that of this weekend.

Because of these incidents over the past week the Annual Christmas Tree lighting has been cancelled. On behalf of myself and the Town Board we would like to wish the residents of the Town of East Greenbush happy holidays, a Merry Christmas and a Happy New Year. We ask that you take a moment with your family and friends to appreciate the times you have together. All too recently we have been reminded you never know when you will see each other again. Make new memories and cherish the times you have together.

Merry Christmas. Be Well.
