On Thursday, February 14, 2013, I had the privilege of attending a Town Hall event “*Go Red for Women*”

Together, Stephen, our Director of Community and Recreational Services and Meaghan, our Director of Finance, planned a fundraiser and pot luck lunch for Town Hall employees. With a goal of \$150 we hit our mark and surpassed it, raising \$160. It is heartwarming to see a large group of people coming together for such an important cause. For those who aren’t familiar with the

Go Red for Women

movement, it was started back in 2004, when Heart Disease was discovered to be the number one killer of women. Since its start 10 years ago,

Go Red for Women

has helped the American Heart Association to raise awareness among women and reduce the number of women dying from heart disease by 23%. I would like to take a moment to thank all of those who came out and those who donated helping us to surpass our goal!
