If the old saying, “*In like a lion, out like a lamb*” is true, then let’s hope that the rest of this month will finish up nicely! I would like to thank Dave Van Wormer, DPW Commissioner, and his crew for their efforts in keeping our streets clean and safe through this winter. With the luck of the Irish this month, we can hope that we are heading into nice spring weather.

This year has had a productive start working on a number of projects that will have long lasting impacts on the Town of East Greenbush.

Each month I like to keep the Town updated on the Waste Water Treatment Plant project so everyone is aware of the status. This project is one that is very important to my administration. I have listened to what people of the Town have had to say, and want to make sure they know it is as important to me as it is to them. We are currently still in the early financial stages of planning. We are working together with the Engineers to lay the ground work necessary to keep the project moving forward at a rate that will keep us on schedule.

On February 27th, Joe Cherubino, Hank LaBarba and Matt Mastin made a presentation during a

Public Information Session regarding the Water Quality Project and Hampton Manor Water Quality Improvement Project. The purpose of this Informational Session was to provide the public with the necessary information to keep the natural resource within our Town Beautiful. On behalf of the Town Board, I would like to thank Joe, Hank and Matt for their hard work. This was a very informative presentation and we look forward to seeing the results!

The Roundabout on Route 4 and Mannix Road Project is currently on track. On March 15th the Advanced Detail Plans were submitted and are currently pending approval from the Department of Transportation. Once we receive approval, the next step is approval for Federal funding. Upon approval and completion of each step successfully, we hope to see the project beginning in July!

On behalf of the Town of East Greenbush, I would like to welcome East Greenbush Police Officer Mark Mann home from his fourth tour in Afghanistan. It is an honor to have such a man on our Police Force. We hope that he is enjoying being stateside with his family, and we look forward to his return to work! Thank you, Mark, for your hard work and dedication to our Country.

From my office and the Town of East Greenbush I wish everyone a Happy Spring!

Be Well,

Keith Langley
