The Town of East Greenbush has been very busy over the past few months with various projects, but each day carries on as part of daily routine to ensure that we are delivering services to the residents to the best of our ability. I am rather pleased to see the progress that has been taking place. As many of you have probably noticed, New York State Department of Transportation (DOT) has been busy at work on Routes 9&20 repaving the roadway. It is a lot smoother traveling towards Schodack than it has been in recent years. We are very grateful for the work that has been done.

Great spring weather has allowed for work at the Waste Water Treatment Plant to progress and Phase 1 remains on track for completion by the end of the year. Each month Chazen sends monthly status updates to the Town Board, as soon as we receive the next update I will be sure to post it for everyone to see as I did with the May Waste Water Treatment Plant update. If you haven't had a chance to look that over, you can review it [here](#). Completion of Phase 1 by December 31, 2014, will allow the Town to have the moratorium on building lifted, so East Greenbush can begin developing once again.

One of the great services that the Town has the ability to offer is the summer camp program

which is run by our Community and Recreational Services Department. This year's Camp Inspire looks to have something for everyone. Community and Recreation Director Jessica Lansing, along with her staff have worked hard at redesigning the camp so we have the ability to offer residents more. Over the past few years people have expressed interest in Extended Care and Half Day programs, and this year, both are being offered for the first time. If you haven't signed up yet, please take a moment to look over the camp and contact Jessica today with any questions 518.477.4194. To view information about the camp click [here](#) .

I had the privilege in participating in this year's Memorial Day Parade. It was great to see so many people out either marching or supporting the parade despite the rainy weather. I would like to thank members of the VFW and American Legion for thier efforts for organizing this event each year. Thank you to all the veterans for their years of service, and to those who never made it home, you are never forgotten.

On Wednesday, May 28<sup>th</sup>, we had the privilege of celebrating East Greenbush resident, Vendora Shuhart's 100<sup>th</sup> birthday! Ms. Shuhart celebrated her birthday with fellow senior game players for lunch and cake at Town Hall. We all wished her a very happy birthday.

Take care.
